CONVERSATIONS IN INNOVATION

A luncheon series focused on celebrating, sharing & creating opportunities around cool stuff we do at HU.

AI, Drones, Gamification & More!

Ideas for startups and careers in these exciting,
terrifying times of rapid technology innovations.

Distinguished Panel: Dr. Billie Anderson, Charles Palmer, Albert Sarvis
Moderator: Jay Jayamohan

Date: August 3, 2019

Time: 12pm – 1pm

Place: Room 1151

Lunch: Yes

If you are a Faculty member or Graduate student interested in interdisciplinary research, commercialization of ideas and/or how technology impacts your career; even if you are in the non-technology field, this is a must attend event.

And you get to learn about this new Center for Innovation & Entrepreneurship which is all about turning your inner maverick into an entrepreneur.
